

Lindenhurst

NYF Small Project Fund Application

The Lindenhurst community has been awarded funds through the New York State NY Forward (NYF) program to fund catalytic projects in the downtown to spur revitalization. As part of the overall NY-Forward Project, the State awarded \$300,000 towards a Small Project Fund. Applicants with smaller projects (total project cost less than \$100,000) can apply for funding under this program to complete these projects.

August 27, 2025

How to Submit Your Project

1 Review the Eligibility Criteria

on page 3 to make sure your project is eligible to be considered for NYF funding.

- Review the Project Requirements

 on page 3 to learn about the requirements for projects and how your project will be considered
 by the Lindenhurst Local Planning Committee and New York State.
- Review the Evaluation Criteria
 on page 4 to see how the State evaluates projects and to understand how the Lindenhurst LPA
 may evaluate projects.
- Fill out the Project Proposal Submission Form
 on pages 5 through 11. Address each topic thoroughly and completely. The LPA will use this information to consider projects to be included in the Lindenhurst Strategic Investment Plan.
- 5 Submit your Completed Application

Submit your Completed Application (and any supplemental materials) either electronically, inperson, or by mail no later than **August 27, 2025.**

→ To submit via email: → To submit via mail:

Email your completed application and any supplemental materials to projects@visionli.org

Vision Long Island 24 Woodbine Ave., Ste. 2 Northport, NY 11768

Questions regarding project eligibility, evaluation, or the project forms can be directed to <u>projects@visionli.org</u>

Project Types & Requirements

It is expected that NYF funds will be used for capital projects that will transform the physical environment of the downtown in ways that will benefit current residents and future generations. However, certain non-capital projects or projects that may lead to capital investment will also be considered to the extent that they will contribute to the revitalization of the downtown. The following is a description of eligible and ineligible project types.

Eligible Project Types

- Building Renovations. These may include projects such interior/exterior renovations for commercial or mixed-use spaces, façade/storefront improvements, permanently affixed signage and awnings, commercial interior fit-out, HVAC, MEP, energy system upgrades, and other permanent building improvements.
- Upper-Story Residential Improvements
- Permanent Commercial
 Machinery/Equipment Must be integral to the business, not a replacement unless enabling new products/services. Acquisition cost must be \$2,000+ per unit and have a useful life over one year.
- Soft Costs architectural, engineering, and environmental services
- Public Art

Ineligible Project Types

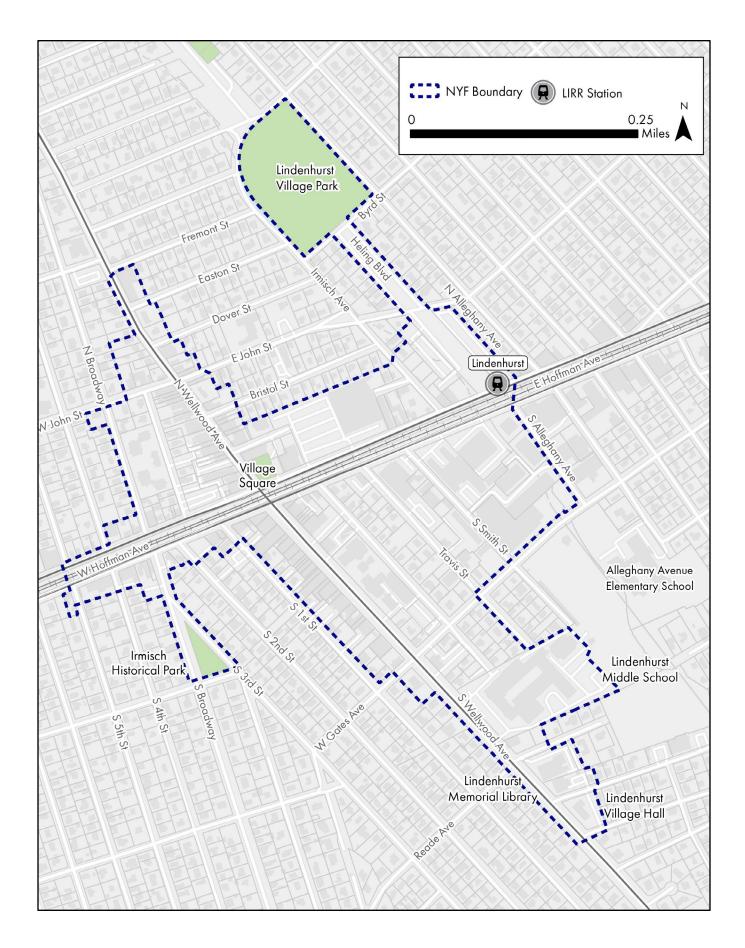

- General ineligible uses acquisition costs, improvements to buildings owned by religious or private membership organizations, improvements to municipally owned/operated buildings, furnishings, electronics, tools, disposable supplies, temporary fixtures or artwork
- Site Work Restrictions NYF funds cannot be used for septic systems/laterals, grading, parking lots, sidewalks, patios, decks, garages, sheds, landscaping, fences, freestanding signs, or general maintenance/repairs.
- Business Activity Restrictions inventory, rent or lease expenses, working capital, other undefined operating expenses
- Labor Restrictions labor by applicant, family or staff. In-kind labor and reimbursement for materials only.

Project Requirements

The following are the requirements for projects to be considered for NYF Funding:

- Project Location. Projects must be located within the Lindenhurst boundary. If your project is located outside the NYF boundary, please provide a brief description of how the project relates to the downtown and supports the stated goals of the NYF. Minor boundary modifications may be considered by the LPC.
- Project Funding. Projects should have financing commitments largely secured or be able to demonstrate a clear path to securing sufficient financing. Projects that use other funding sources will be more competitive for

- funding awards. All projects may be subject to varying match requirements based on the Local Planning Committee's discretion.
- Project Sponsors. Every project must have an identified project sponsor. Sponsors may be not-for-profit, or private entities with the capacity and legal authority to undertake the proposed project.

Evaluation Criteria

The following are the State criteria by which each proposed project will be evaluated. The Local Planning Committee will use these criteria as a guide to build on when developing local evaluation criteria.

1

Alignment with State and Local Goals

NYF State Goals

- Create an active downtown with a strong sense of place.
- Attract new businesses that create a robust mix of shopping, entertainment and service
 options for residents and visitors, and that provide job opportunities for a variety of skills
 and salaries.
- Enhance public spaces for arts and cultural events that serve the existing members of the community but also attract visitors from around the region.
- Build a diverse population, with residents and workers supported by complementary diverse housing and employment opportunities.
- · Grow the local property tax base.
- Provide amenities that support and enhance downtown living and quality of life.
- Reduce greenhouse gas emissions and support investments that are more resilient to future climate change impacts.

2 Catalytic Effect

The project is likely to have a significant positive impact on the revitalization of the downtown by attracting other public and private investment at a scale appropriate for the NYF community.

Project Readiness

The project should be well-developed and poised to proceed in the near-term in a way that will jump start the redevelopment of the NYF area.

(4) Eligible Project Type

The project must be one of the eligible project types outlined in the Eligibility Criteria section on pages two and three and must meet all the requirements for that specific project type.

5 Cost Effectiveness

Investment of NYF funds in the project would represent an effective and efficient use of public resources.

6 Co-Benefits

The project will result in secondary benefits to both the community and project developer, beyond the primary goal of the project, which will generate additional economic activity, grow the local property tax base, improve quality of life in the neighborhood, and/or result in improved buildings likely to create healthier, more comfortable and productive environments in which to live and work.

NYF Project Form

Project Sponsor

Fill out this form to be considered for LPC project review and potential NYF funding. Please address each topic thoroughly and completely. The LPC will use this information to consider projects to be included in the Lindenhurst Strategic Investment Plan. Project sponsors are expected to provide timely responses to requests for any additional information from New York State and/or the NYF consultant.

Preliminary Funding Estimate

State the total estimated project cost and the amount of NYF funds requested. **Grant request may** not exceed 50% of the total project cost for private applicants and 25% of the total project cost for non-profit applicants.

NYF funds are structured as reimbursable grants. If NYF funds are awarded, the grant recipient may need to finance the total project cost using a bridge loan, owner equity, or another financing mechanism. In this situation, grant funds will be released once the project is completed per the contracted scope of work.

Please use the following definitions to guide the response for the Status of Funds.

Secured: This funding source and amount of funding is guaranteed.

Anticipated: This funding source is reasonably expected to be available at the time of project implementation, but the project sponsor does not have the funds currently available. This status may apply for funding sources such as loans, bonds, or fees.

Requested: The project sponsor has submitted a request to a funding entity for the amount identified but has not received confirmation of funding. This category is appropriate for the NYF funding source or other grants.

Undetermined: This funding source has not been secured, and the project sponsor has not fully identified the funding sources and amounts.

Action	Cost	Funding source	Status of Funds
Total NYF funding request	\$		
Total funds from other sources	\$		
Total project cost	\$		

^{*}If a proposed project has not yet developed cost estimates or identified sources of funding, please provide as much detail as possible at this stage.

^{*}A project may include the cost of acquisition in the project budget, but the acquisition must be covered by another funding source, as NYF funds cannot be used to acquire property.
