For over a decade, Vision Long Island has been honoring the individuals and organizations that display true Smart Growth leadership in advancing projects, policies, regulations and initiatives. Specific focus areas include mixed-use development, affordable housing, environmental health and safety, open space and historic preservation, traffic calming and pedestrian safety, transportation enhancements, clean energy, downtown revitalization and/or community-based planning.

Award recipients will stand out from other entries in their ability to demonstrate one or more of the following:

- Mix land uses
- Take advantage of compact building design
- Create housing choices for a range of household types, family sizes and incomes
- Create walkable neighborhoods
- Foster distinctive, attractive communities with a strong sense of place
- Preserve open space, farmland, historic buildings and critical environmental areas
- Strengthen existing communities and achieve more balanced regional development
- Provide a variety of transportation choices
- Make development decisions predictable, fair and cost effective
- Encourage citizen and stakeholder participation in development decisions
- Utilize clean energy and green building development
