The 14th Annual Smart Growth Summit is an event that features networking, a trade show, workshops, technical worksesions, a youth summit and plenary sessions on regional and local issues facing mixed-use development. Every year we bring together over 1,000 civic, chambers, developers, environmentalists, design professionals, academics, not-for-profits, young people and federal, state, county, town and village officials from Long Island and the region. This year is already shaping up to be our biggest summit yet, so become an early sponsor and help us to bring Smart Growth to our communities.
