

# Amityville Facade Program

## Project Selection and Scoring Worksheet

Project selection criteria will afford priority to:

Projects that are visually prominent downtown

Projects where historic value or historic properties in danger of being lost in part or in total to disrepair and damage

Projects that with the assistance of grant funds, will reduce blight, contribute to the economic recovery of the downtown, or realize a stabilization or expansion of a downtown business

Projects where assistance will create jobs

Projects where assistance will allow business to expand service offerings

## Project Scoring

Readiness-projects that provide proof of overall feasibility and readiness such as proof of ownership, documentation that 100% of the financing for the project is in place, reasonable construction timeline (25 points)

Physical Impact- projects that are visually prominent downtown, have historic value, are in danger of being lost, bring existing properties into compliance with design guidelines, that are transformative beyond normal maintenance (25 points)

Economic Impact- projects leveraging grant funds with private investment that with the assistance of grant funds, will reduce blight and vacancies, contribute to the economic recovery of the target area, or realize a stabilization or expansion of the downtown tax base, businesses and/or jobs (25 points)

DRI Priorities- projects that advance the goals and priorities of the DRI Investment Strategy (25 points)
