

Recover from Yesterday, Plan for Tomorrow

The New York Rising Community Reconstruction Program (NYRCR) has been established to provide additional rebuilding and revitalization assistance to communities severely damaged by Hurricanes Sandy and Irene and Tropical Storm Lee.

Next Generation Resiliency Survey

The NYRCR Program is interested in what the next generation of the community thinks about resiliency.

To assist school-age residents in participating in the program, the NYRCR Project Team has developed the Next Generation Resiliency Survey, an online tool, for NYRCR community residents aged 10 through 23.

The survey is open to next generation members from all communities. The survey opens for input on February 17, 2014 and closes on March 9, 2014.
