

The 2022 Long Island Complete Streets Summit

March 25th, 2022

Please join us as we return to a **live** program at
The Sustainability Institute at Molloy College
7180 Republic Airport, Farmingdale, from 8:30 AM to 12:00 PM

Featuring Opening Remarks by:

Hon. Richard J. Nicoletto
Nassau County Legislature
Presiding Officer

Hon. Kevin J. McCaffrey
Suffolk County Legislature
Presiding Officer

Our Main Streets need to allow space for outdoor dining as well as room for shoppers to safely social distance. How can we ensure our streets can fulfill these roles and support public health? Now that we are using our streets differently than before, how do we keep it going and how do expand these opportunities?

2022 opens the door for federal infrastructure funding and the start of a five-year transportation plan for New York State. We have the ability to bring forward pedestrian and bike safety projects, policies, and funding for our local communities in the coming months.

*Please join us on **March 25th, 2022** for this year's Long Island Complete Streets Summit as we discuss what is needed to continue making progress in our downtowns.*

For more information on how to register and keep up with information concerning the Complete Street Summit, please contact us at events@visionlongisland.org or 631-261-0242.
