

# The 2026 Long Island Complete Streets Summit

March 27th, 2026  
8:00 am - 12:00 pm  
Location TBD

The Long Island Complete Streets Summit is an annual event that brings together officials, advocates, and interested parties from across the region to discuss ways to improve the safety, economic impact, comfort and attractiveness of our roads for all users. For over a decade this event has facilitated conversations that both inform and educate when it comes to using our streets for all modes of transportation, whether motorized, or human powered.

Significant innovation has been made over the past few decades both in designs that prioritize and protect vulnerable users, as well as methods to implement improvements quickly and cheaply so that safety doesn't have to wait.

Please join us for the annual Long Island Complete Streets Summit, location to be determined, as we discuss what is needed to continue making progress in our downtowns.

For more information on how to register, and to keep up with information concerning the Complete Street Summit, please contact us at [events@visionli.org](mailto:events@visionli.org) or 631-261-0242.
