

# 10<sup>th</sup> Organic Turf Trade Show

Tuesday February 24, 2009  
Farmingdale State College (SUNY)  
8am to 4pm

**Just in time for spring!**

Learn about the latest organic products and methods to reduce the use of toxic pesticides that can be harmful to human health and wildlife.

Featuring: A full day of workshops (offering DEC credits for pesticide applicators) and a trade show with 20+ exhibitors of organic fertilizers and natural pest control products. **Call for more information on being a vendor!!**

Landscapers, arborists, park employees, school facility managers, green building designers, and homeowners-- ALL WELCOME!

## Workshops include:

Soil Compaction, Paul Sachs  
Soil Biology, Chip Osborne  
Pesticide Safety, Dr. Gary Brown  
Weed Prevention, Nancy Peters  
Organic regulations, NYS DEC

Last year the show attracted 280 people, from the tri-state region and beyond --we even had two people all the way from Australia-- so don't miss out!

**To register and for more information** see
